

north west vending

specification sheet

Grouping: Food

Microwaves

To compliment any Food vendor, we would be happy to supply both microwaves and microwave-housings to suit any refreshment facility.

Our range of microwaves are industrial standard and are configured for "easy-t-o-use" operation. The microwave option completes the automated restaurant package and ensure maximum product availability.

As part of our "Consultation Programme", we would be happy to arrange a food sampling session for you. Please check the details on the Service / trials section.
