

north west vending

specification sheet

Grouping: Food

Star food

The Starfood offers the ideal solution to vending fresh food and snacks, with simple loading, easy programming and flexibility. Appetising food is correctly preserved, then dispensed hygienically. The increased drum height of the 8 drum model is suited to the popular oversized triangular sandwich packs, which can easily be displayed correctly due to the higher than standard 130mm height. An innovative airflow system allows an even distribution of temperature or can be adjusted for each drum to suit – no more soggy pastries !

As part of our "Consultation Programme", we would be happy to arrange a food sampling session for you. Please check the details on the Service / trials section.

- contemporary looks enhanced by a back-lit photographic panel.
- simple direct selection push-button service with automatic sliders.
- 2 models available - 8 or 10 drums.
- up to 150 selections can be displayed at any time.
- compact, yet the 700mm drum diameter allows a 9" plate to be vended.
- ideal for vending baguettes up to 270mm long. Designed to be "banked" with other machines.
- footprint: 1830mm h x 850mm w x 895mm d.
