Coffetek Vitro 6

The Vitro 6 has a stylish smoked glass finish and is built around proven reliable technology. Using three or an optional fourth canister it offers a wide selection of your favourite barista style drinks. The bright touch button menu is responsive and easy to use. The Vitro 6 is all about big numbers, its 9Kw maximum power output and extra-large ingredients canisters allow it to easily cope with high volumes in demanding retail areas. The Vitro 6 has superb environmental credentials with 90% of the materials used in its construction being recyclable at the end of its life. It's packed with clever energy saving technology such as an energy management system which can learn usage patterns and power down when it's not used, reducing energy consumption by up to 30%. The Vitro 6 is capable of serving two drinks sizes with an optional go large function.
