Sinfonia 6

Are you looking for a glass fronted vending machine? One that is dedicated to can and bottle products, has a wide glass window to enhance the impulse to buy, has an innovative delivery system and that can resist mild vandalism SINFONIA 6 by Necta is the answer! Sinfonia 6 shares the same aesthetic design as the Samba, Canto and Festival. Sinfonia 6 is available with 30 selections up to 240 bottles or 336 cans. It has sound environmental credentials too with its highly efficient cooler, programmable energy save mode and LED lighting; with its brightly lit retail window the Sinfonia 6 still achieves an amazing A++ 'EVA' energy rating. A product detection system has sensors that detects when a product has been successfully dispensed. If no product is delivered, the customer can make another selection or have the payment returned. After selecting your drink the Sinfonia 6 provides plenty of theatre as the robotic arm rapidly delivers a bottle or can in 8 seconds to the dispense area.

- 30 Product Selections with up to 336 products
- Easy to use numeric selection menu
- Energy efficient EVA A++ rated
- Optional cashless payment systems allow you to pay by contactless card or even your mobile phone
- Footprint 1830mm (h) x 950mm (w) x 845mm (d)
- Weight 290Kg
