Jazz Can & Bottle

The latest offering from N&W Global Vending is the JAZZ, it builds upon a tried and tested legacy of robust and compact snacks and cold drinks vending machines. The new Jazz reflects this great heritage and offers the complete refreshment service ideal for smaller sites where space is limited. The Jazz is brightly lit using low energy L.E.D. lights ensuring all products are superbly presented and highly visible to customers. The Jazz offers a fantastic selection of snacks, confectionery, cans and bottles. Alternatively snack only or can and bottle models are available. The Jazz features N&W's latest GIGA operating platform with a more advanced implementation of the MDB protocol, this assures greater integration with modern cashless systems allowing customers to purchase items using cash, notes, contactless debit or credit cards and even their mobile phones. To ensure client satisfaction, the Jazz also has a sensor in the delivery area which detects if a product has actually been vended, if there is no vend the customers can choose another product or a refund. The Jazz range is very efficient, with a sophisticated energy management system electricity costs are low. So whatever your needs are; snacks, cold drinks or any combination, the Jazz can deliver it all with ease.

- New GIGA system and MDB compatible payment system accepts everything in the customer's wallet, coins, and as an option, notes, debit & credit cards, MiZip keys and even mobile phone payments
- Product vend detection guarantees the customer receives their selected product or their money back
- Jazz Can & Bottle total capacity 180 items, 18 bottle selections for 108 items, 12 can selections for 72 items
- Jazz footprint 1830mm (h) x 735mm (w) x 855mm (d)
- Weight Jazz 225Kg
