Tango

The Tango is elegant, accessible and easy to engage, a perfect combination of ability, precision and capacity. Now, optionally featuring N&W's new electronic tray labelling system, customers can see digital pricing, promotional messages, allergen or nutritional information directly beneath each product. Using the touch button menu makes choices simple and easy to complete. When you are ready to pay, N&W's latest GIGA platform allows greater integration with up to three optional payment systems in the same machine, including contactless card, mobile phone payment and N&W's own MyZip cashless system. The Tango is the perfect partner for a busy retail need, up to 416 products can be dispensed from the mixed confectionery and cold drinks combination version and the snack only version can dispense a massive 466 products.

The Tango's ability can be further enhanced using N&W's optional remote telemetry system Vend Track, you have the ability to change the digital prices remotely and gain access to sales data. With extensive insulation of the cabinet, L.E.D. lighting and an advanced energy management the Melodia has class leading energy rating of A++, good for your wallet and the environment. The wealth of features are designed to aid increased sales, enhance user experience and simplify operating tasks.
