**Sigma Touch**

The latest version Sigma Touch range comes complete with a very large touch screen and includes everything you need to offer the ultimate vending experience.

The stunning 19 inch HD touchscreen has large easy to use menu icons, once you make your selection you can personalize your beverage to just the way you like it. The menu system also allows you to discover allergen and nutritional facts for each beverage.

You can enhance the wide variety of barista quality drinks already on offer by adding the optional syrup unit, it adds the choice of two different flavoured shots to the hot beverages. Using the integrated internet access it's possible to deploy cashless mechanisms, including wave and pay debit and credit cards; it's even possible to pay for your drink using mobile phones.

The Sigma Touch's environmental credentials are superb; its built from 60% recycled materials and consumes just 110 watts an hour under normal use. The Sigma Touch is capable of serving 7oz, 9oz and 12oz drinks with multiple combinations instant, fresh-brew and bean to cup drinks. Available in 7oz and 9oz instant with fresh brew tea or espresso bean to cup model with fresh brew tea.
