Double Espresso Dual Cup

Maestro Touch

Necta strikes again with Maestro Touch.

Elegant, with external profiles in black anodized aluminium, black door with dark grey cabinet and a frameless, all-glass touchscreen. Maestro Touch focuses on cutting-edge performances and on the ability for consumers to customize their drinks. Nutritional information is available to identify the most suitable product for their needs. The latest technology has been used when fitting the microprocessor. The Maestro also includes advanced software that leads to easier machine management and programming. You can add a personalised touch when uploading the graphic interface.
