Refresh Q1i Instant Coffee Machine

Refresh Q1i ensures consistent quality is paramount with the last drink tasting as good as the first. Drinks are selected using a large high definition 18.1 inch touch screen. There are 7 drinks selections and an extra button for hot water, for the tea drinkers. the Refresh Q 1s is versatile and simple to use. As well as a main water connection, the Refresh Q 1i can also be connected to a water butt by pump for use in mobile catering platforms. Versatility is further enhanced by programmable variable pulsed product dispense system, ensuring ingredients dissolve thoroughly. Easy maintenance is covered by a sophisticated self-diagnostics system that displays event information on the front of the machine. High lifetime service values are achieved through proven technology and robust construction. There are lots of options such as base cabinets and condiment trays.
