Borg & Overström E6

The latest evolution in sustainable water dispensing, the E6 combines intelligent eco-friendly technology, energy-efficiency and powerful performance in every pour. Featuring advanced energy-saving EcoMode technology, future-thinking SIMSecure connectivity and antimicrobial touch panel protection, the E6 is perfect for filling water bottles, glasses or carafes with freshly-filtered chilled, ambient, sparkling or hot water, all at the touch of a button.

Designed for a greener future, the E6 is an evolved, energy-efficient and sustainable approach to bottleless filtered water. Featuring a powerful four-way dispense, the E6 utilises advanced energysaving EcoMode technology and optional SensorBeam projection touchless control. The E6 delivers unrivalled powerful performance and hygiene protection, and is compatible with optional, future-thinking SIMSecure data connectivity for enhanced insight and servicing.
